

HEALTH CARE

Lip Balms

Lip Balms are multi-purpose for summer or winter, indoor and outdoors! These gifts come with many different attachments and are perfect for those who are always on the go. Put your name on people's lips with this high impact visual product!

Clean Ads

Clean Ads are soft and absorbent facial tissues that come in a plastic pouch. Either in an envelope or a wallet style shape, the clean ad is an eye-catching promotional item that is dedicated to making your advertising campaign a success.

Fresh Ups

Fresh Ups are wet tissues. They are very popular and widely used in the daily life. Individually packed, the pouch has a large imprint area that allows printing on both sides and provides for highly visible promotional messages.

Lanyard pedometers

Lanyard pedometers are inexpensive and functional tools to help track your daily activities and set goals for yourself. Used originally by sports and physical fitness enthusiasts, pedometers are now becoming popular as an everyday exercise tracker and motivator. Your pedometer will be the measuring tool that you have always looked for!

Anti stress balls

Anti stress balls provide effective relief in stressful situations: tight deadline, too many meetings to attend, telephone ringing... stress levels rise and everyone needs a little squeeze once in a while. Available in a variety of shape and colors, you are able to display your logo and always be remembered in a pleasant way.
