

OFFICE

Pouches are extremely useful items in a variety of situation, whether at home, school or office. Most of our designs are casual and bring the fun factor back to this product. Nice reliefs in PVC, colorful designs with Starflex and animation effects with Lenticular ... your personal belongings will always be kept together in the most fashionable way!

PVC Clocks will always tell you the right time in an unique shape. Their plastic stands and magnets, will allow for your logo

to stand out as a desk accessory or home decoration. **Bookmarks** will always remind you where

you left off reading. Made with either PVC or Starflex material, you can put your book down without worry. **Pens** are one of the most popular items in the world and up to now mostly in standard and restricted designs. With our new Starflex collection this is no longer the case. You can create your own design and shape, even add some light or animation effects with our lenticular features!

Pen tops, Books and Rulers are ordinary items we can find anywhere. Make them extraordinary by using PVC to customize and shape them as you wish. Adding some fun to your promotional makes work so much more enjoyable! **Photo Frame** are very popular and keep your loved ones ever present. Use our PVC photo frame to create your own designs or shape and make your photos even more memorable!

Mouse pads are use by everyone, everyday. Available in a variety of materials and shape, use this product to promote your business or brand name virtually anywhere.
